REPUBLICAN COUNTY COMMIT-TEE IS REORGANIZED.

Clean politics, a square deal for all andidates desiring nomination on the party ticket, and whole-hearted patriotic party ticket, and whole-hearted patrious support of the national administration in all measures to win the war, were keynotes sounded by several speakers at the reorganization of the Republican county committee at a big meeting at the courthouse Saturday evening.

In retiring from the county chairmanship, Charles W. Jewett, mayor of indianapolis, called attention to the fact that the local Republican organization was rejuvenated in 1914 on the platform of good citizenship and clean politics.

Mayor Jewett made a ringing appeal for the support of the government at Washington in pushing the war to a successful conclusion. In accepting the chairmanship, George N. The meeting was called to order by Mayor Jewett, who announced his resignation as county chairman, and the resignations of Robert Miller as vicechairman; W. O. Dunlavy as secretary and Schuyler Haas as treasurer. Mr. Haas is now chairman of the board of works, and Mr. Miller and Mr. Dunlavy re candidates. Mr. Jewett said that durare candidates. Mr. Jewett said that during the last four years the Republican organization had been something more than a political organization, because it was an organization of friends who had been working together for the best ideals of citizenship. He emphasized the fact that the most important thing now before all citizens is the winning of the war, and that this is much more important than political consideraimportant than political considera-tions. The Republican party, he said, has played a great part in history on account of the principles for which it has swood, and the party has a great account of the principles for which as a great future to fulfill in preserving Republican institutions in this country, particularly after the war is terminated. He said he was gratified that the Republican Governor of Indiana had stood foremost for war preparedness, and the state of Indiana had made a fine showing in this respect. It was his opinion, that the people would return in increasing numbers to the faith of Lincoln, Grant and McKinley, and that Indiana would soon have thirteen Republican congressmen in Washington. Referring to the present primary campaign, Mr. Jewett said there would be many contests among candidates for nomination, but he felt that the party organization would be conducted in such a way that after the primary is over, all Republicans will unite for the success of the ticket.
